Getting Help
Welcome to the Cardinal Print Program! In this guide, you will find information that will help you realize the full potential of this Program:

**SUPPORTS STANFORD’S GOALS**

**Reduce Stanford’s Environmental Impact**
Reduce Stanford’s use of toner, paper, and energy. All devices are ENERGY STAR® and EPEAT®-certified. Program supports our sustainability goals, including becoming 80% carbon free by 2025 and achieving zero waste by 2030.

**Print Securely**
Authenticate with your badge at a Cardinal Print Canon multifunction device (MFD) to print your job when and where you want it. Approved for high risk and protected health information (PHI) data.

**EASY TO USE**

**Print Anywhere**
Print securely from any device including your tablet or mobile device. Pick up your printout at any Cardinal Print Canon MFD.

**Print Quickly**
Be more productive with new, upgraded MFDs.

**Use Advanced Features**
Scan directly to email. Add staples or 3-hole punching to your printout.
LOGGING IN TO YOUR DEVICE

1. Swipe card over the card reader located:
   A) To the left of the LCD panel or
   B) Top right of the document feeder.

   Touch the screen to enter your network credentials.

   NOTE: Card reader placement will vary per device model. Depicted: A) IRA C5550i B) IRA C356iF

2. Once authenticated, select a Department.

   a. Place documents in the feeder or on the glass.
   b. Select the desired function from the main menu.

   NOTE: Users assigned to only one Department will not be prompted with the Select Department Code screen. They will be directed to the Main Menu screen.

3. Press the Log Out button when you are done.
1. Place documents face up in the feeder or face down on the glass.

2. Swipe card over the card reader located to the left of the LCD panel or top right of the document feeder and, if prompted, select the Department Code.

3. Press the **Copy** button on the main screen.

4. Change your document(s) settings, if needed.

5. Using the control panel, enter the desired number of copies.

6. Press the **Start** button to complete the process.

Press the **Log Out** button when you are done.
1. Swipe card over the card reader located to the left of the LCD screen or top right of the document feeder OR touch the screen to enter your network credentials.

2. Once authenticated, select a Department.

3. Select the Print Release button.

4. Select your document and choose: Delete, Print, or Print All.

5. Press the Log Out button when you are done.
1. Swipe card over the card reader located to the left of the LCD screen or top right of the document feeder OR touch the screen to enter your network credentials.

2. Place your documents in the feeder or on the glass. Select the Scan and Send button.

3. Select the Send to Myself button. Your email will automatically populate on screen. Change your document(s) settings, if needed.

4. Press the Start button to begin sending your document. Press the Log Out button when you are done.

Available Scan Settings

- **Color**: Change the color settings of your document. The default is set to black & white.
- **Doc Type**: Change the document extension. The default is set to PDF.
- **Resolution**: Change the resolution of your document. The default is set to 300x300 dpi.
- **Scan to Myself**: This option will send your document to your email.
- **Size**: Select the document size. The default is set to automatically detect the document size.
- **Options**: Advanced document settings.
- **2-Sided**: When selected, the device will scan both sides of your document.
SCANNING TO OTHERS
Only certain settings can be changed prior to sending out your document

1. Swipe card over the card reader located to the left of the LCD screen or top right of the document feeder OR touch the screen to enter your network credentials.

2. Place your documents in the feeder or on the glass. Select the Scan and Send button.

   a. Enter the search criteria. Search by Name or Conditions (allows you to choose multiple search criteria to narrow your results).

   b. Press the Start button to begin sending your document. Press the Log Out button when you are done.

SCAN TO THE CLOUD USING BOX

Only certain settings can be changed prior to sending out your document

1. Swipe card over the card reader located to the left of the LCD screen or top right of the document feeder OR touch the screen to enter your network credentials.

2. Place your documents in the feeder or on the glass. Select the Scan to Cloud button.

3. Press Scan to Box.

4. Sign in to your Box Account and press Authorize.

5. a. Select the fields to enter your SUNet ID and password*.
   b. Press Login.

6. If you’re using a multifunction device for the first time, you will need to confirm your identity. A two-step authentication window will pop up. Authenticate to continue*.

*Using your finger, scroll down to see more of the screen.
7. Select **Grant Access**. **Please Note**: You will only need to complete this once per device.

8. Select **Browse**.

9. Select the file path for your document and select **OK**.

10a. Enter a file name. You can choose one or more desired scanning options by selecting one of the icons under **Current Scan Settings**.

10b. If you select one of the icons, apply advanced setting by selecting the options listed in the drop down menu. Press the **OK** button.

11. Press the **Scan** button to send your document. Press the **Log Out** button when you are done.
SCAN TO THE CLOUD USING GOOGLE DRIVE

[Diagram of scanning process from machine to cloud to device]
Create an email message, attach the file to be printed, and send it to: CardinalPrint@Stanford.edu

You will receive a confirmation email indicating that your document(s) are ready to be printed. Instructions on How to Print will also be included.

If you are a first-time user, you will receive an email reply prompting you to register. Click the link in the email to register your account.

**You must be connected to the Stanford network to complete your registration.**

Log in to any Cardinal Print Canon multifunction device to print your document. Touch the screen or swipe your card.

Follow the Print Instruction at the device.

The supported formats are Word, Excel, PPT, PDF, Images (JPG, TIFF, GIF, BMP), text (CSV, RTF & TXT), and Visio.
We have placed a device identification label on each multifunction device. Each label has important information that can be used for service calls, including device map location.

**DEVICE IDENTIFICATION LABEL**

For help with Cardinal Print Canon multifunction devices, contact the UIT Service Desk at 5-HELP or (650) 725-4357, or submit an online ticket to services.stanford.edu.

**SERVICE ISSUE REPORTED**

A service technician has been alerted about the problem. Please use another available device.

When a service issue is reported, please turn the label over to display Service Issue Reported. Once the issue is resolved, turn the label over to display the identification information.
